Chaiya Meditation Monastery's Solar Project

5/15/2022

CMM is in the process of being a Net Zero monastery. Once it's completed, it will be the 1st Net Zero Buddhist Monastery in the USA.

The project consists of installing 83,701 watts of PV system. The 83.701 kilowatts of DC direct current power consist of 372 PV systems that will be installed on the temple's roofs. The systems will serve all 6 buildings at the monastery compound, which includes the Monk's Resident, the Main Hall, the Nun's Quarter, and the Ordination Hall buildings.

In addition, these 372 PV systems will also serve the Viveka Dwell (Men's Dorm) and Kumari Dwell (Women's Dorm) as well.

- ❖ Total system cost: \$145,080 (included both labors and materials)
- ❖ Total PV system: 372 systems
- ❖ Donation cost: \$390 per system
- ❖ Project completion: September 2022

- ❖ Donations can be made By Zelle® at 702-219-0377
